**INTERNATIONAL WINE CHALLENGE TROPHIES FOR APOSTOLES AND
NECTAR**

The world's most prestigious and influential independent wine competition, the International Wine Challenge (IWC), has unveiled the results of the 2009 Trophy and Great Value Wine Awards. A record 122 wines were awarded a Trophy this year, along with 13 Great Value Wine Awards.

The International Wine Challenge is proud to announce that 122 wines have been elevated from gold medal to trophy status. Within these wins there are two wines from Gonzalez Byass. **Apostoles** has been awarded with the **Palo Cortado Trophy** and **Nectar** with the **Pedro Ximenez Trophy**. Therefore Gonzalez Byass received 2 of the only 10 trophies won by Spain.

The highly acclaimed wines considered for trophies by the competition have already undergone the Challenge's rigorous judging process. However in this final stage the wines can be tasted up to six times, ensuring that those awarded a Trophy or Great Value Wine Award are truly the best of the best.
