About Pasionado Cabernet Franc 2012

"Manuel Gonzalez's influence on the wines at Andeluna has been significant since his arrival in 2012. This is a delicious Cabernet Franc: poised, aromatic and leafy, with cassis and graphite notes and a long tapering finish. One of Argentina's best example of the variety".

About Pasionado Cuatro Cepas 2011

"The four cepas (grape varieties) in question here are Malbec, Cabernet Sauvignon, Merlot and Cabernet Franc. This is another example, of new style at Andeluna, picked earlier and showing much more freshness. The result is a revelation: leafy and balanced, with fine tannins and chalky freshness".

Drink: 2015-20.

About Pasionado Malbec 2012

"Further proof that good things are happening at this Uco Valley Winery. The wines were already impressive but they have gained a degree of elegance in 2012. This is quite a structure wine, but it has more than enough balc-berry sweetness for balance".

Drink: 2016-20
